Re: EPC Meeting, February 20, Agenda Item 5.1 – 950 W. El Camino Real

Dear Chair Baird and Members of the EPC:

The LWV supports the Palo Alto Housing development at 950 W. El Camino Real. The need for affordable housing for those with low incomes is especially critical today. This development will help to fill this enormous need, as well as a continued demand for more housing affordable to those with developmental disabilities. The location is ideal in terms of being close to transit and services.

We believe that the design and density of the development are appropriate for El Camino Real. It appears that any concerns the neighbors may have had have been answered by the developer. We urge you to recommend this development to the Council.

Thank you for considering our input.
