Re: Council Meeting, June 11, Agenda Item 7.1 – Safe Parking Program

Dear Mayor Matichak and Members of the Council:

The League of Women Voters from the national organization to the local level strongly supports providing a decent home and a suitable living environment for every American family. Clearly, in the present environment in the Bay Area this is an impossible goal. The LWV also supports programs and policies to prevent or reduce poverty and provision of essential support services.

Based upon these principles, we urge the Council to continue with safe parking supportive services, expand the safe parking sites and to streamline the process to encourage more community sites to participate.

Thank you for considering our input.
