Mayor Abe-Koga and Members of the City Council
City of Mountain View Staff

Re: Council Meeting April 21, 2020

The LWV commends the city staff and council members for passing the resolution for Mountain View to become a carbon neutral city by 2045. We would like to recognize your continuing leadership in aligning our city with the vision of California Executive Order B-55-18. Thank you for taking the critical step to balance any remaining GHG emission with carbon sequestration projects or carbon offsets.

We applaud your adoption of the 2018 Government Operations GHG Inventory, too, and congratulate you on reducing the GHG emissions 51% since 2005.

Sincerely,
Lisa McLain, president
League of Women Voters Los Altos Mountain View
